Purchasing insurance online

q7 Based on your experience with purchasing insurance, to what extent do you agree or disagree with the following statements? (%)

I can find customized insurance products and services online that fit my needs and preferences

When purchasing insurance online, I trust insurers will collect and use my personal data in an ethical way

The claims process is easier and faster due to automated processes used online

— Strongly agree — Tend to agree
— Tend to disagree — Strongly disagree
— Not applicable — Don't know/Prefer not to answer

q8 Have you encountered any of the following situations when purchasing insurance online? (% , Top 4 responses)

Base: Those who bought insurance online

The way in which information was presented on price comparison websites was misleading (i.e., not doing a fair ranking, only focusing on price and not on coverage etc.)

It was unclear whether the range of products offered on price comparison websites was covering all products available on the market

You were asked to provide personal data that, in your opinion, was not needed

Statements that the offer to make the purchase at the price quoted was limited in time
